# Nanny Dickering Goes HOLLYWOOD!

Nanny Dickering, the famous CRACKED interviewer of celebrities, politicians and other villains, recently went west to Hollywood in an attempt to break into the motion pictures! Here and inside the mag are some of the get ups she had to endure while out there...

What with all them comic book movies going on, Nanny created a super movie character that fights for the American way... Truth, Justic and Sequels! Nanny also found it hard to save all the money she made with super-heroics... banks don't take kindly to customers wearing masks!

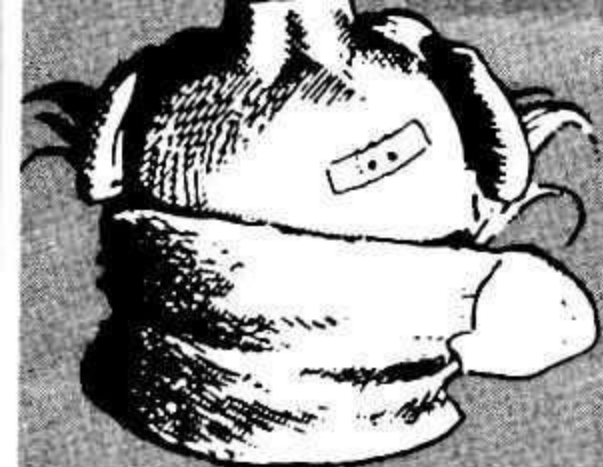

Nanny tried out for the title role in the **Little Squirmaid**, but after wardrobe outfitted her, it was obvious this cartoon wasn't gonna get a 'G' rating! ...!

# AILING NATION

Archie Falbo writer

Walter Brogan artist

Hi I'm Madd Psyko and I act nasty and crazy because I know my acting can't compare to James Caan's in the original Ailing Nation movie!

And I'm Madd's next door neighbor! Every week Madd and I have a near-miss intimate moment! That's to satisfy all the romantics in the audience... Or the perverts! I'm not sure which...

And I'm Madd's alien partner! The producers changed my name because they thought the name I had in the movie, Sam Francisco, was too silly for a serious character... Now my name is Gorge Francisco!

Hello! We're his sappy family which you'll come to love!

And I'm Detective Washington! The only reason I'm in this dumb show is 'cause I need the work! In fact, this is my first job since Welcome Back, Kottair!

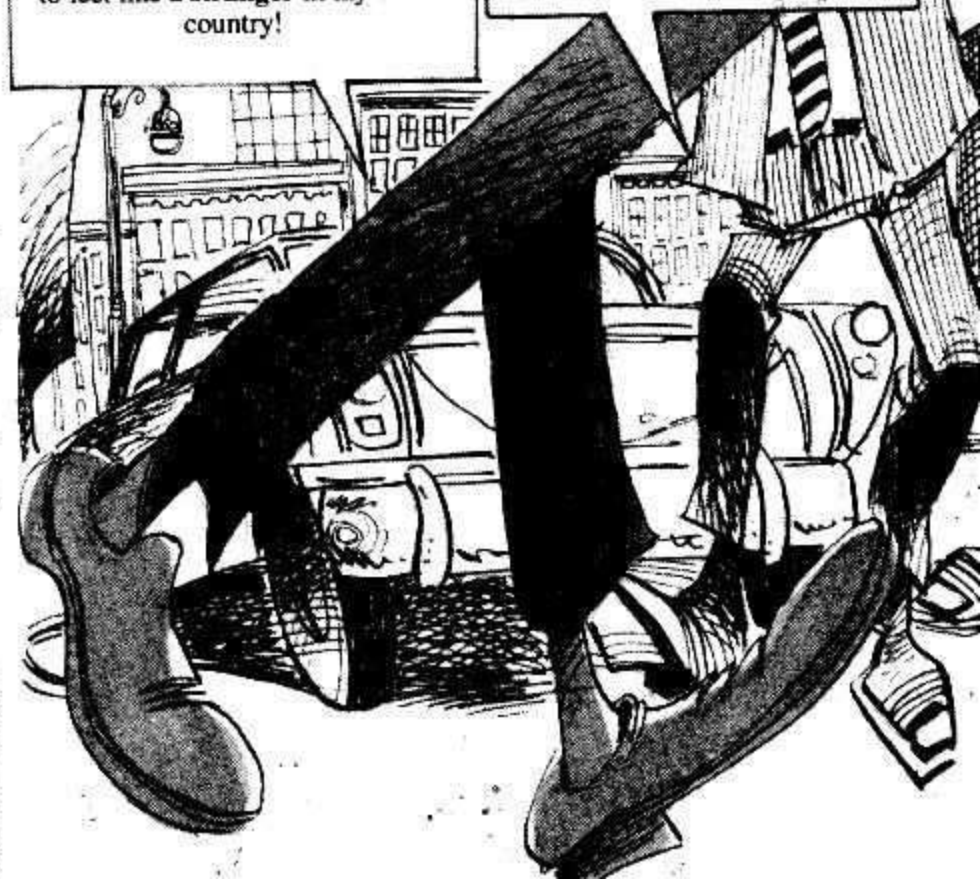

Please come over for dinner tonight, Madd... We're having yak spleens, monkey guts, chicken eyes, weasel bladders, fox colon and for dessert, pickled penguin puke!

KIDS: DON'T TRY TO EAT LIKE YOUR HERO GORGE AT HOME... UNLESS MOM TELLS YOU TO!

You know, Gorge, I'm beginning to feel like a stranger in my own country!

You mean because of us aliens?

Ippity bippity, hamalamma ding  
dong, ala kaboola mimmiti  
moola!

NOTE TO CRACKED READERS: We're  
sorry our parody of the show saying  
grace isn't as funny as it is in the REAL  
show, but even CRACKED can't be THAT  
good!!

Madd, if I'm not mistaken, Mrs. Fault is  
going into labor!

Either that or she can't find the  
bathroom!

Hey liver spots! I got a  
present for you!!

Ah, thank you, but I already have a very  
servicable gun!

SAFE!

C'mon, Madd! You  
think I'm pretty, don't  
you?

We bought it after we noticed  
a lot of guests were  
collapsing after dinner!

However, on the other hand, if you insist...

O'DANIELS  
\*\*\*

There are LOTS of superheroes around today, but most of them are ADULTS! Since young folks need somebody their own age to identify with, some TV producers came up with a few teenaged heroes. Unfortunately, both of these juvenile crime fighters are dorks! We figured that if they became partners, maybe they'd be more exciting... Of course, they're never gonna compare with OTHER dynamic duos like BATMAN and ROBIN, MACHO MAN and HULK HOGAN or even CARY GRANT and RANDOLPH SCOTT. Here's what happens when...

FOR EVERY SITUATION  
YOU FIND, WE GIVE  
YOU A BONE!

# MY STUPID IDENTITY JOINED FORCES WITH... SUPEDUPBOY

Somebody mention my name? Dean Shuster, why are you with a sleazeball like Lax Luger?!

I needed his help to get rid of that crusading editor Kluck Cannt! I want the football team to do what they were hired to do... win games! Not waste their time in classes!

CRUMF!

Isn't the purpose of college to give students an education?!

Nah! College is about being **number 1!** The team could have been undefeated and gotten a Bowl bid! We could have built a new stadium and made **millions!** Money is the name of the game, not education!

ANOTHER BRICK IN THE WALL!

WE'RE #1!

Those ying-yangs really got a totally awesome punishment!

Yes, justice has been served! The Dean was demoted to assistant janitor and Lax has to write "I will not plant a bomb in the classroom." 500 times!

OUR HERO

Sometimes I get tired of my super powers! Like, whenever I take off my shoes, I float to the ceiling! Don't you ever wish you were a normal, average guy, Supedupboy?

Yeah, I suppose it would be fun doing regular teenage stuff instead of spending all my time rescuing people and catching crooks!

I wonder what we'd be like if we didn't have all these powers?

That's simple boys... You'd be just like me!

Boy am I glad I've got super powers!

You've got that right!

Let's see if anybody needs our help! Look! Your sister, Erin Go Braugh, fell in a well! We'll rescue her, then we can go topple a South American government, patch up the ozone...

All right!!

# NANNY in HOLLYWOOD

art by Skene Catling

Space... the final frontier! Nanny would love to be in a sci-fi flick! And she's already used to working with special effects... just take a look at that gravity-defying hair of hers!

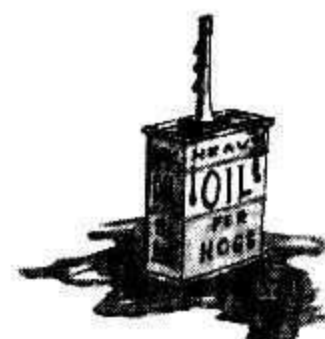

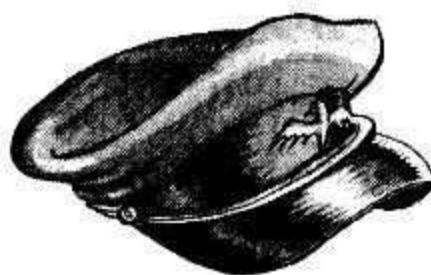

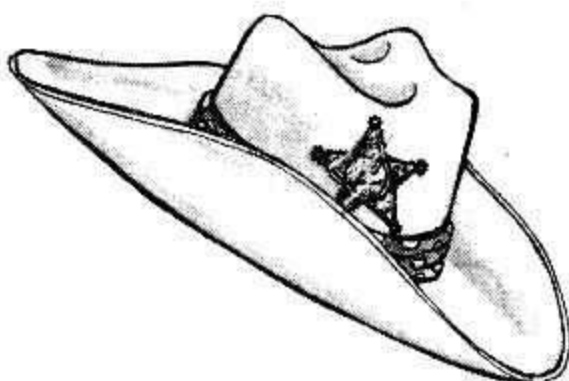

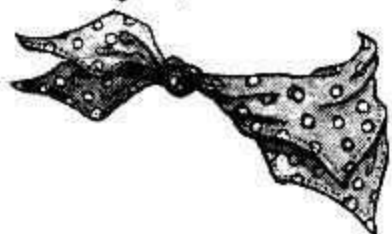

Nanny put on these royal threads for a **French Revolution** film. She lost the job after flubbing her lines but at least she didn't lose her head like Marie Antoinette!

**Nanny is still in Hollywood (see inside front cover) and trying to make the break into movies. Color and cut out these costumes she tried out there!**

What with **Young Guns II** and **Back to the Future III** coming up, the wild west is back on the silver screen! And with this cowgal outfit of Nanny's, the west'll be wilder than ever!

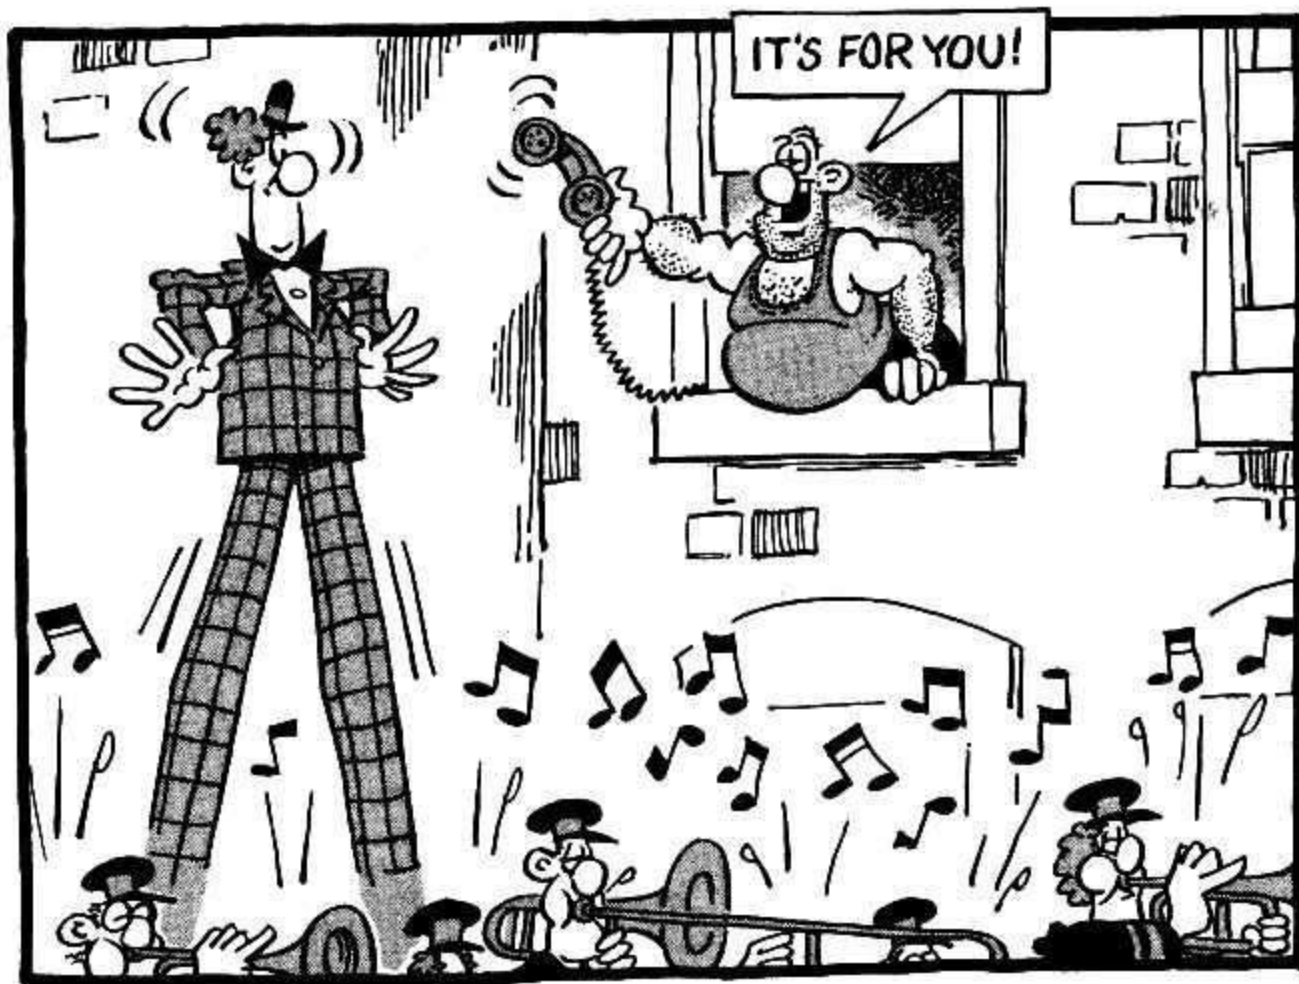

Hollywood is gearing up with a pack of motorcycle movies. Nanny's trying to get Marlon Brando interested in a sequel to the **Wild One** with her in it. The working title is the **Wild Pair!**

So, your bike is pretty fast?

No, I'm pretty, my bike is just fast!

Wanna drag?

No, I quit smoking!

No, I mean race our motorcycles!

As a New York City cop, don't you have anything better to do?

Yeah, but my favorite donut shop is closed!

Do you always eat standing up, Jollie?

I don't like to wrinkle my designer slacks!

By the way, do we have an all-Oriental SWAT team in our precinct?

Hey! Do youse guys gotta flop around and make a mess like that? Dis is a nice place!

Well, they don't have **saki** at an Italian restaurant!

Yecch! Look out the window! No wonder this city is called Grossaka!

Yeah, it's so smoggy, it looks like the land of the rising 40 watt bulb!

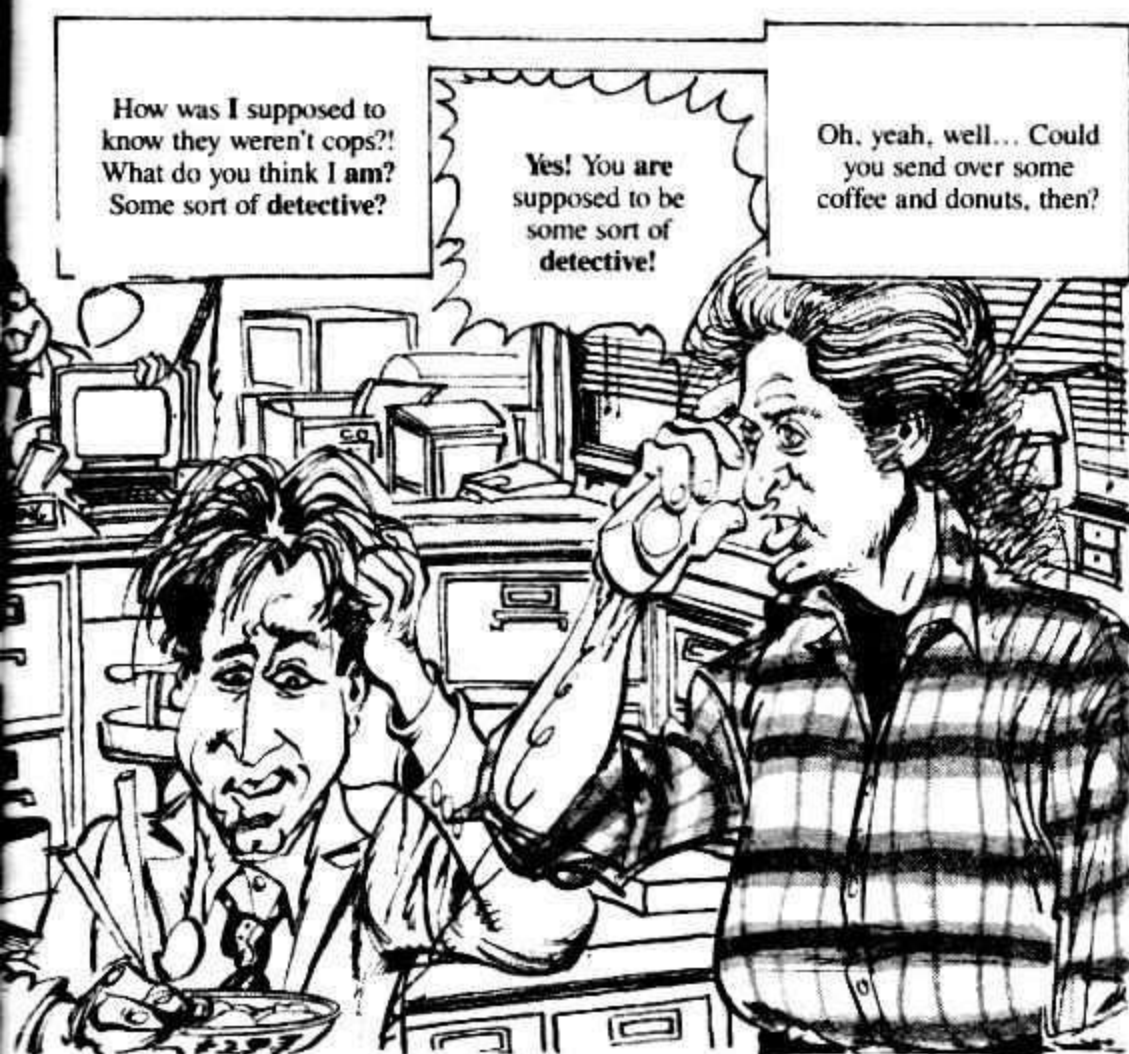

Hey! You guys must be the Grossaka police here to pick up Sado!

Boy, you sure are some smart cookie! There's no foollin' you, Joe!

Sign here, please!

How was I supposed to know they weren't cops?! What do you think I am? Some sort of detective?

Yes! You are supposed to be some sort of detective!

Oh, yeah, well... Could you send over some coffee and donuts, then?

Criminies! Doesn't anyone here speak English?

I'm Inspector Mashahero Whatsamata and may I say: The lain in Spain farrs mainry on the prain!

That answers my question!

I want some questions answered! Like, who is Sado? And most important of all, is there any coffee and donuts?! And translate my every word!

We can handle it!

Easy for you to say! I've read the script and I know what happens to me later on!

Yo! Don't head butt the prisoners! You're part of a team! You play by our rules!

Yeah, well I've seen Sado operate and he doesn't play by your rules!

No, I was talking about our rules for torture! Here, try some bamboo splinters!

Look at this! It's counterfeit!

No, it was a real eggroll!

No, the burning \$100 bill I put on your plate... Er, you were done eating, weren't you?

No, but when in Rome... Hey, this bill is tasty! The real ones don't taste as good!

I'm sorry that your partner was killed off panel! We have a tradition... As his best friend, you get to keep something of his!

Anything.

Anything?

Great! I always wanted this day-glo tie he had!

Nuck-san, maybe I shouldn't ask about these disturbing things I hear...

What? That I swiped a couple grand from a drug dealer?

No, that you're a cop from New York and you can't even use chopsticks! Even Kojack can use chopsticks!

C'mon, let's follow that gal to Sado!

But don't you think you'll be rather conspicuous tailing here in this city?

Don't worry, I'll wear sunglasses!

I am Soggi, the big crime soybean! Did you bring the plates you stole from me?

Yes, but I must warn you... Not all plates go up in value. Some actually go down!

Yank! You can't go around shooting up our compact disc factories! We're putting you on a plane back to New York!

But Sado's getting away!

Of course! There's more than a page left in this parody!

Nuck san, you should not be here...

But Masha, I had to tell you... we kicked butt! Sometimes you have to go for it!

No! You shouldn't be here with your shoes on! Get off the rug, please!

You shouldn't be here...

Whaddya mean, Soggi? I took off my shoes!

I am not impressed!

I'm the answer to your problems!

When I was ten, the B-29's came! For three days my family lived underground! When we came out, there was a black rain!

Maybe I'm not the answer! Here's the number of a good shrink...

Masha! What are you doing here?

Sometimes you have got to be going for it!

You mean sometimes you have to put it all on the line?

No, sometimes you just have to go out to get some soy sauce! I musta got lost!

Sado! You have dishonored the Jakuzi code! You must make amends in the traditional manner!

Ouch! I'm sorry already!

Nice job, Sado! If this crime gig doesn't work out, you can always get a job at a Benihana chopping up stuff!

It's a double cross! Sado is escaping on his motorcycle!

You go get him, Nuck! I'll hold off the other 400 heavily armed crooks!

Ooooh! Do you wheelie want to hurt me?

You only got me 'cause my karate choppin' is pretty crummy with a missing finger!

Anyways, I but my pop could beat your pop!

...Well, maybe not!

Nuck-san, you have returned the plates! Does this mean you finally understand our Japanese code of honor?

No, get hip, Masha! Now that you have the plates, you can start pulling in the big bucks through the American code of dishonor!

# ROAD SIGHT

BY ROGER BROWN & MIKE RICIGLIANO

Thank goodness, Mr. Ward... We were afraid you might not be out this weekend!

What with all the no-shows, we were forced to advertise!

In the middle of this century many amazing things were predicted for the future! Now, as we're stuck in the 1990s we ARE in the FUTURE! And what prognostications have come to pass?! Well, it looks like all the BAD ones have happened and all the GOOD ones just didn't work out! But don't take this introduction to task until you read on, as CRACKED shows us all...

ALL WE DID IN THE EIGHTIES WAS FIGHT...

YEAH... BUT NOW IT'S THE NINETIES...

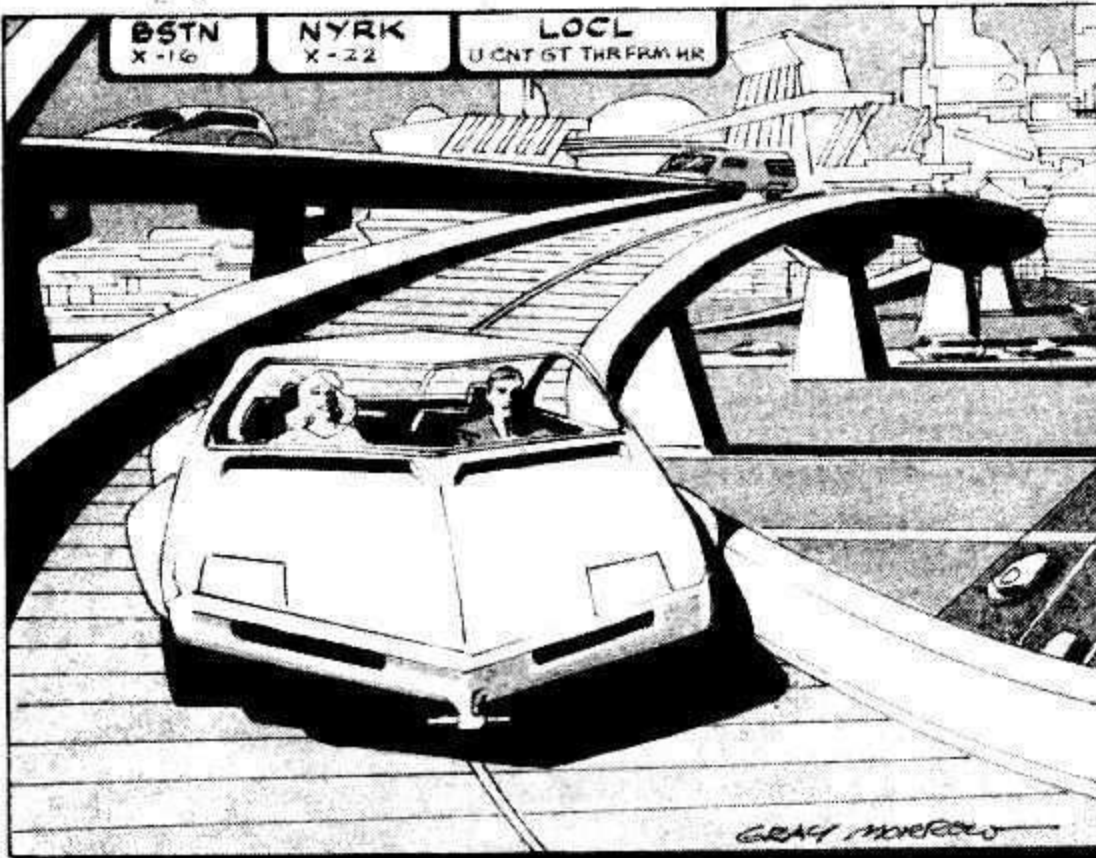

...SO WE'LL FIGHT SOME MORE...

# HOW THE FUTURE HAS CHANGED

written by CHARLES E. HALL

art by D. GRAY MORROW

**CARS:** It was predicted that we would ply the spacious skyways in clean, quiet comfortable electric or atomic cars, safely and in style!

As it turned out, we ply the overcrowded highways in cramped tin cars that self-destruct before you can pay off your car loan!

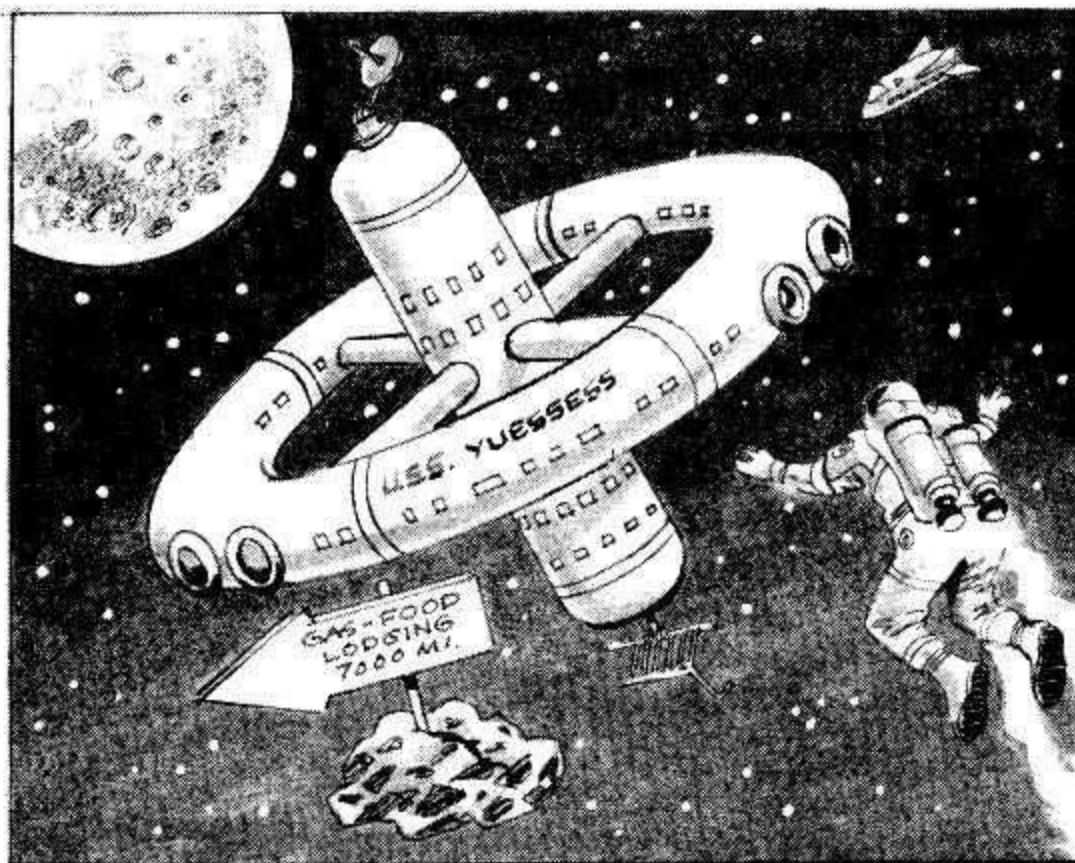

**WORK:** It was forecast that we would enjoy a three day work week made possible by numerous labor saving devices!

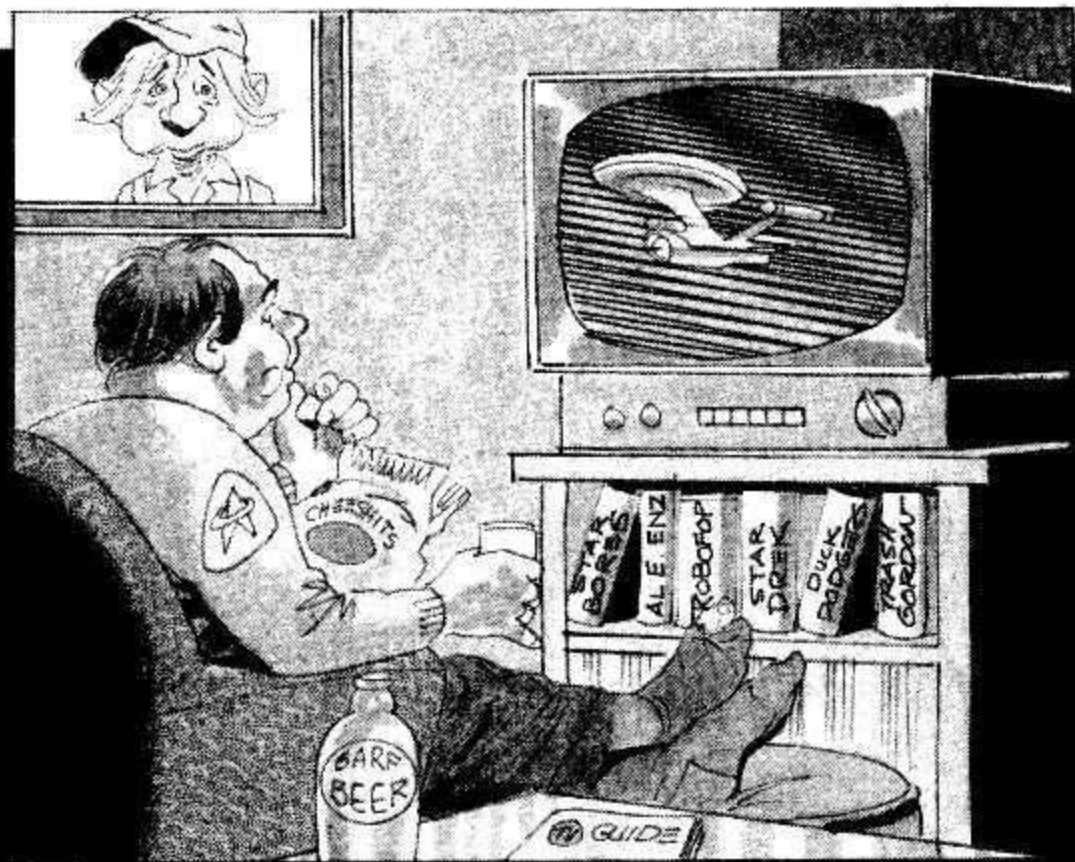

As it turned out we have a seven-plus day work week caused by desperately trying to keep up with numerous, tireless, ceaseless, so-called 'labor saving' devices!

**SPACE:** It was predicted that man would be as much at home in space as if he were in his own living room! A true citizen of the galaxy!

As it turned out, most would rather stay home in their living rooms and watch movies about imaginary citizens of the galaxy!

**ROBOTS:** It was predicted that robots would replace human beings in menial, mundane tasks!

As it turned out... why bother?! There's a surplus of HUMAN robots to perform menial, mundane tasks!

**SCHOOL:** It was predicted that advanced methods of learning would enable children more and more... earlier and earlier!

As it turned out...

**AIR TRAVEL:** It was predicted that aviation would continue to advance at the same amazing rate it had since 1903!

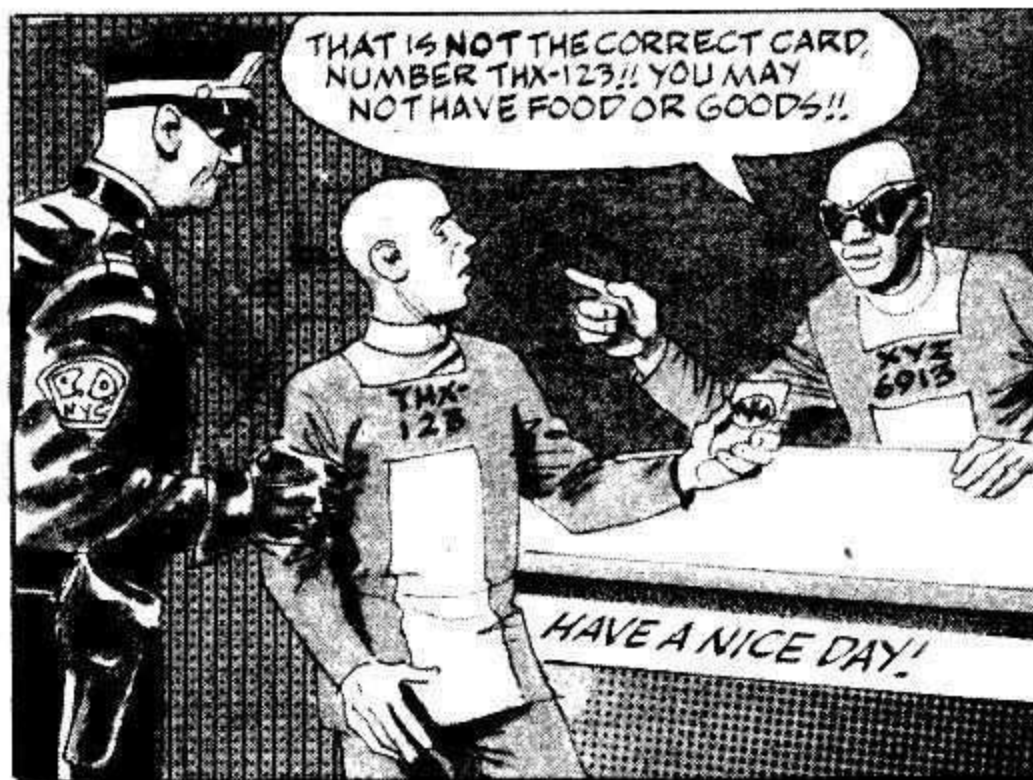

As it turned out, we just keep patching up and repainting the same old planes!

**FOOD:** It was predicted that bland food would be doled out to the masses in impersonal dispensing stations.

As it turned out, bland food IS doled out to the masses in impersonal dispensing stations!

**I.D. CARDS:** It was predicted that without a properly numbered card you would be an outcast from society... unable to obtain food or goods!

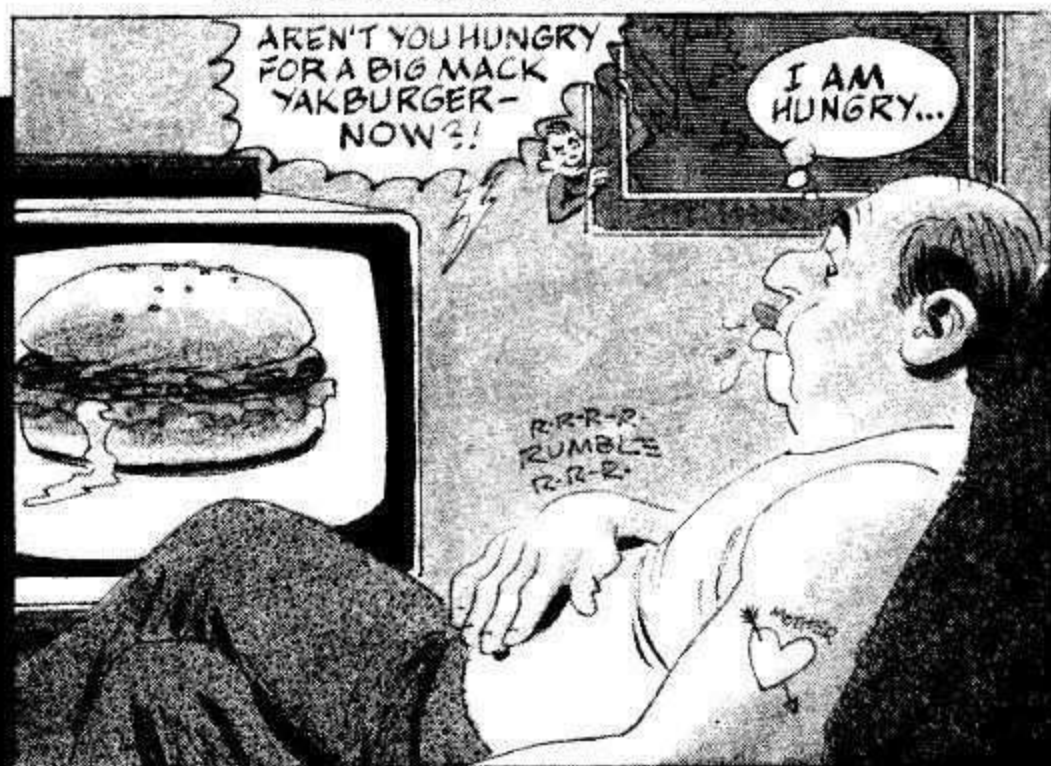

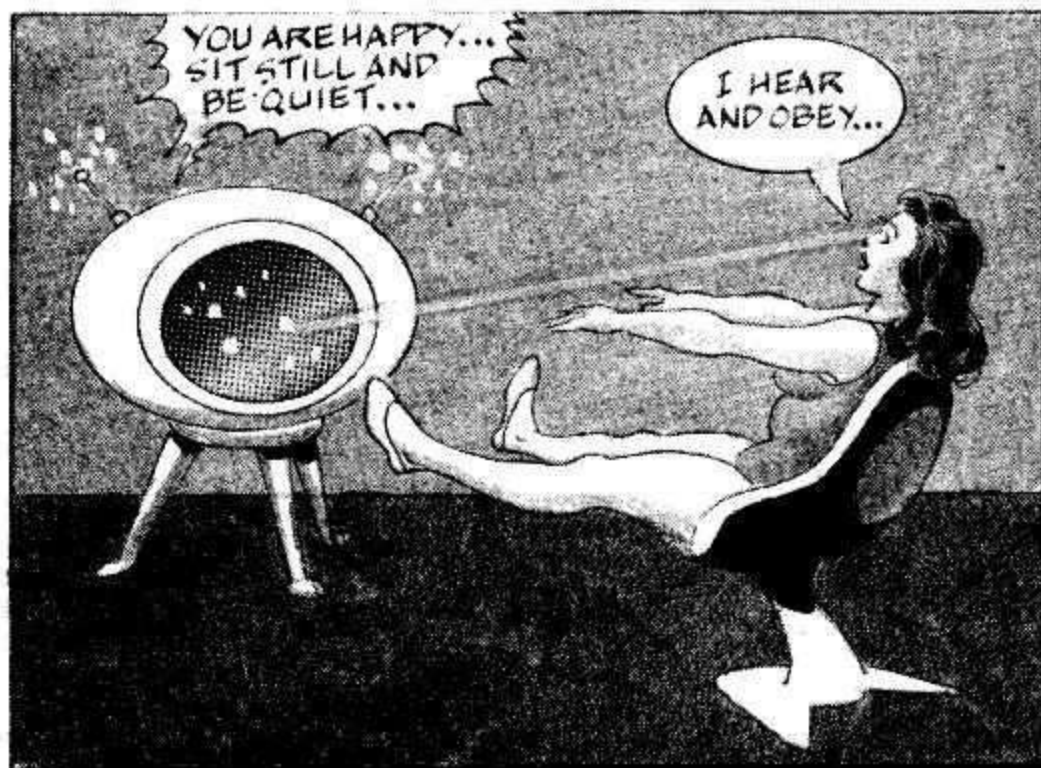

As it turned out, without a credit card you are a second class citizen, unable to obtain as much food and goods as others who do!

**MIND CONTROL:** It was predicted that every household would have a device that emits brain-controlling rays to pacify the masses!

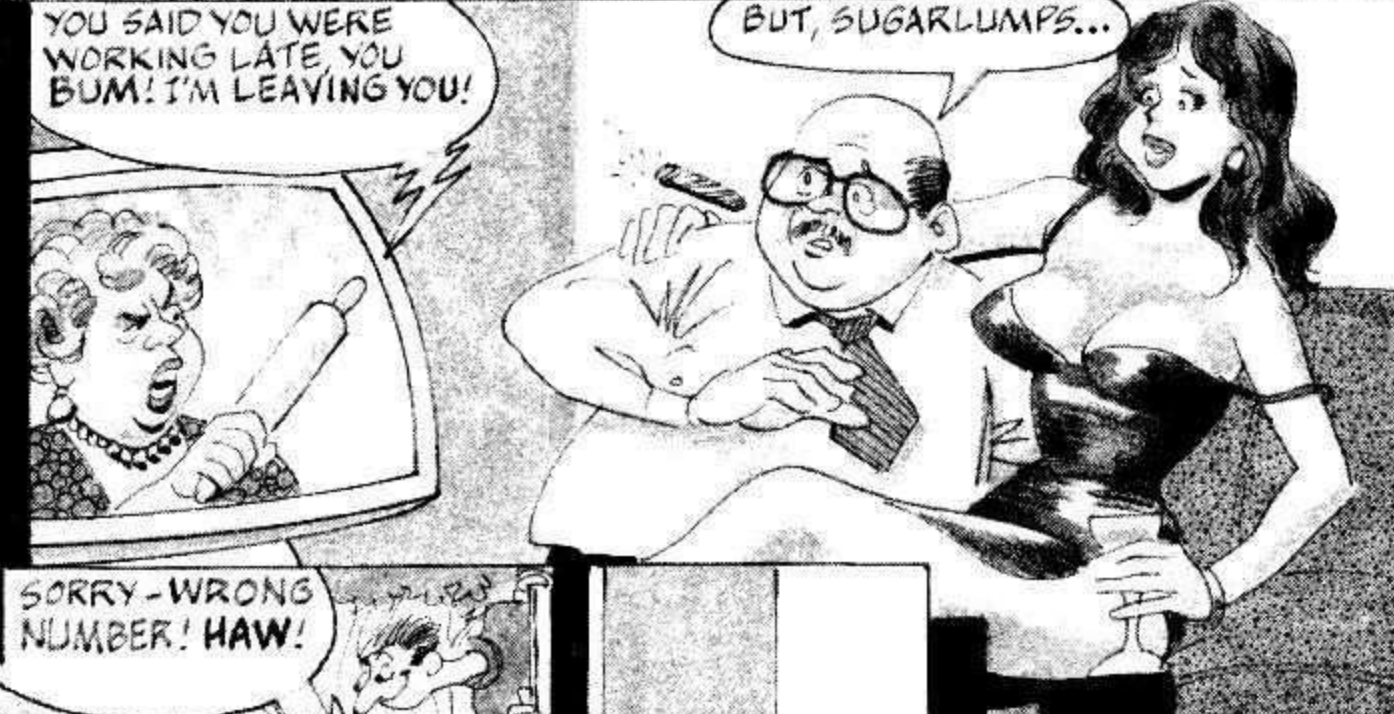

As it turned out, every household DOES have a device that emits brain controlling rays to pacify the masses!

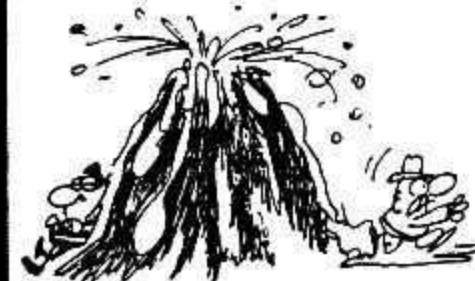

And finally, one prediction that hasn't happened— but for a GOOD REASON!

Nobody, but NOBODY, wants TV PHONES!

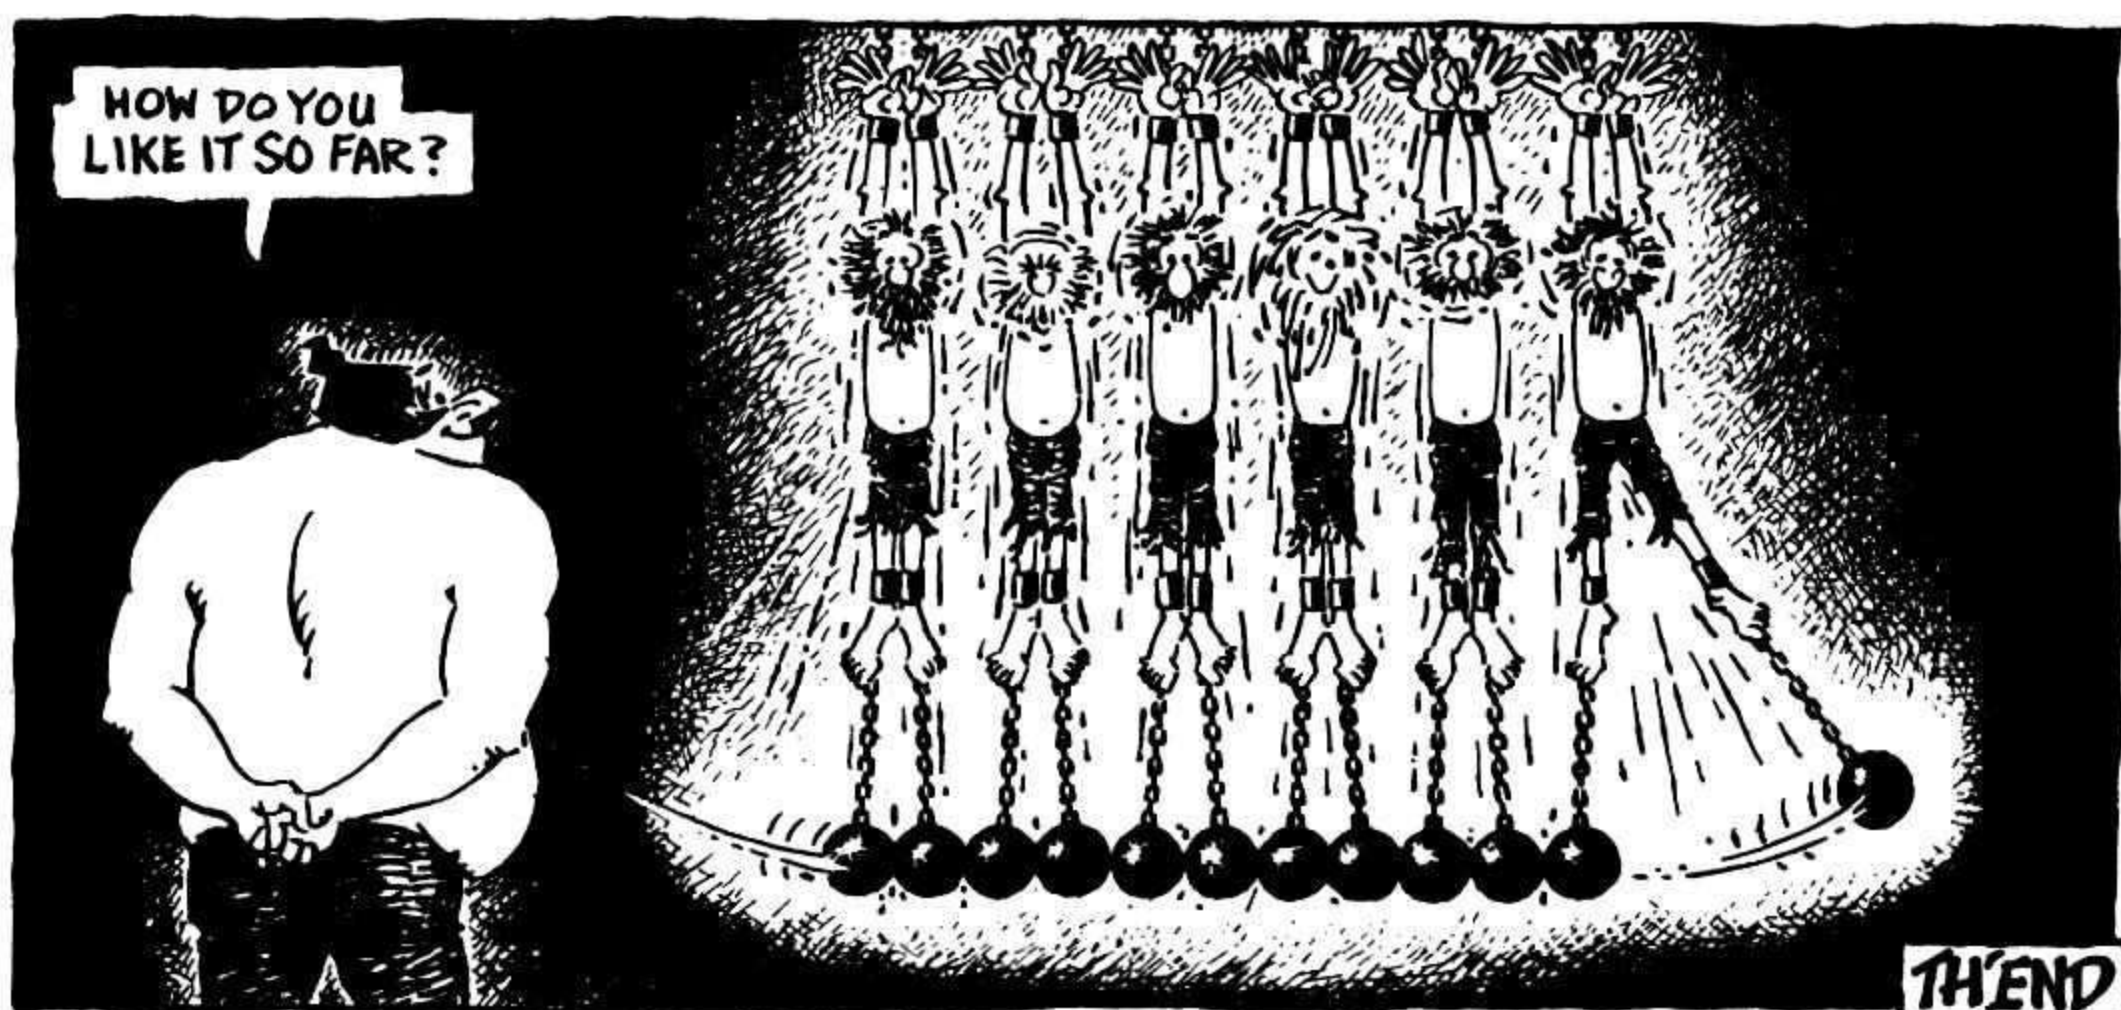

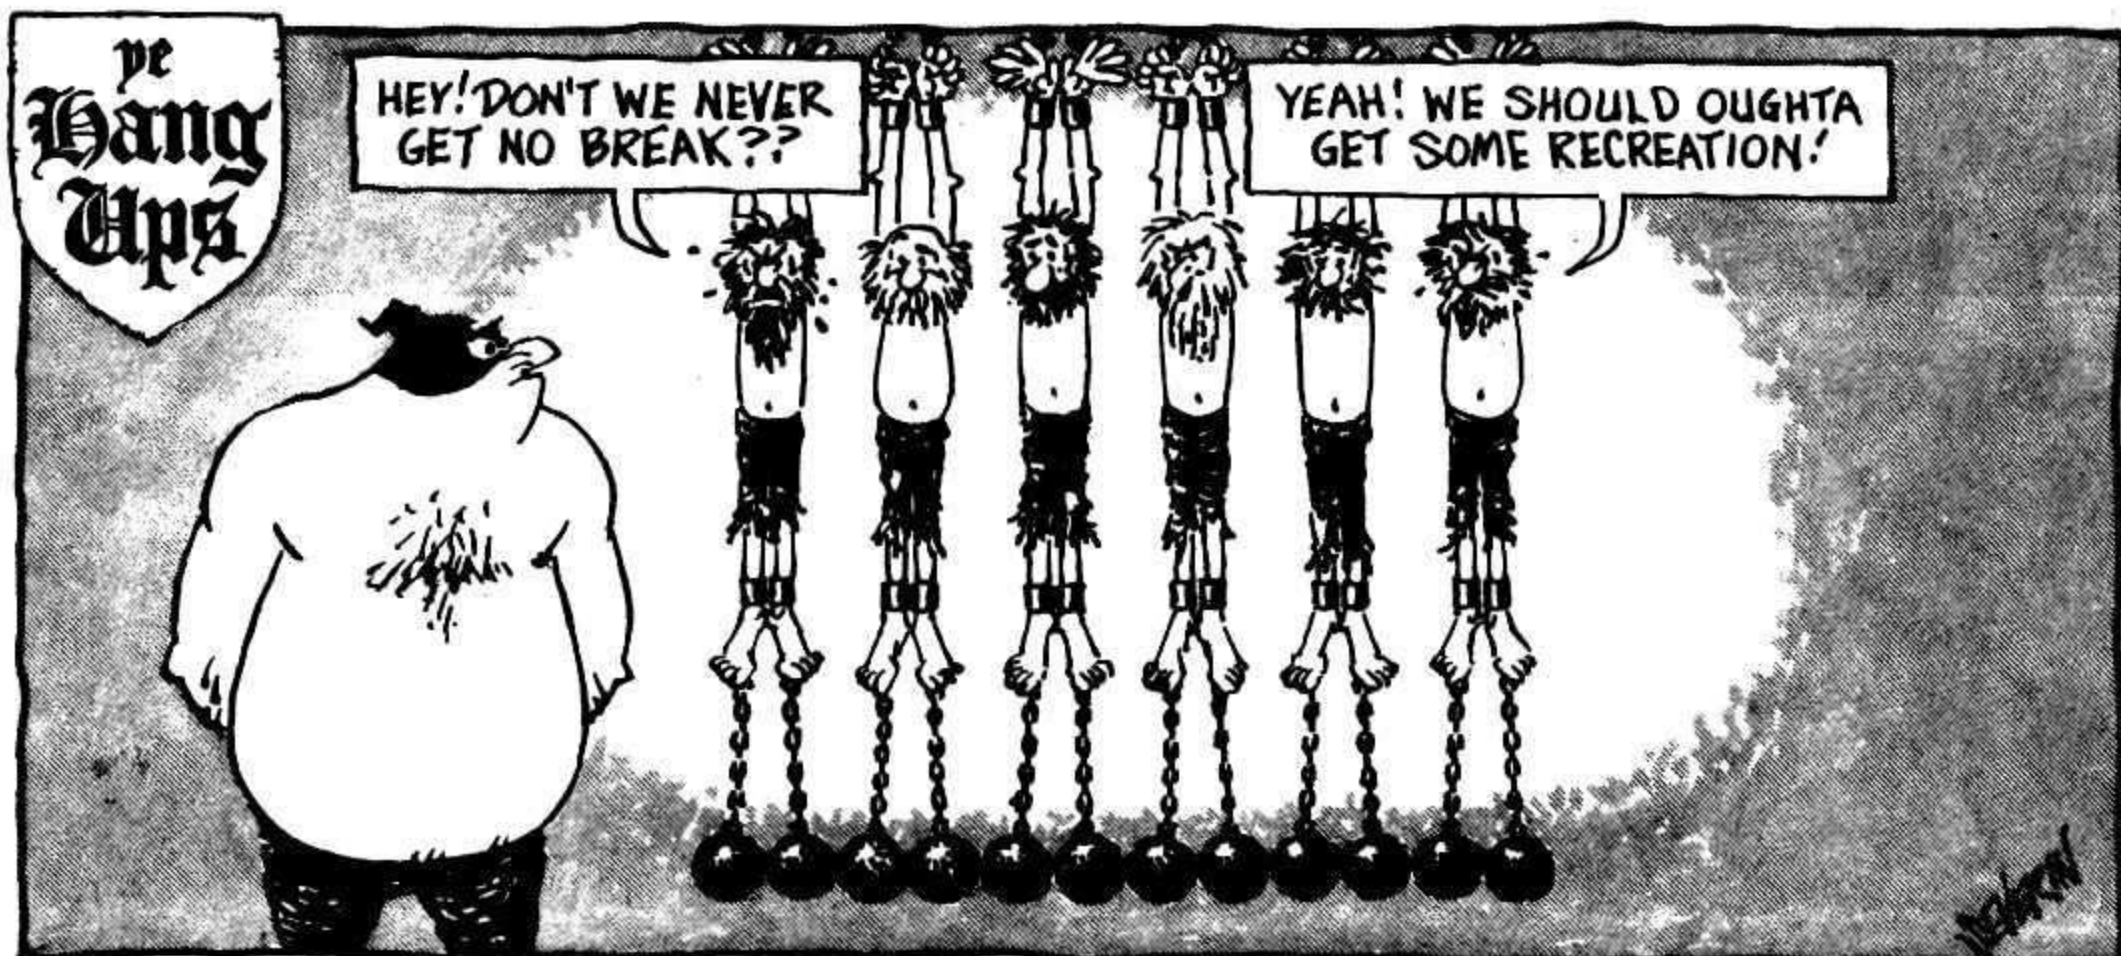

## THE TV -PHONE

...So, doesn't that make you feel better about all that other stuff?! No? Well, don't look at US! We just work here!

THE END

Usually, when you give an oral report in school, you get up in front of the class, mumble a few words about your subject and that's it! ...Unless you happen to live in southern California where those dudes do things most differently! Do they go to the library for research? No way, dude! They go to the K Mart, the mall and back in history! And then they put on a most spectacular Las Vegas-type revue! Come on, short dude! You're coming with us!

Ladies and gentlemen, the Wild Scallions present some of the most illustrious dudes in history and they're going to give you their views on life in the USA today... Okay, historical dudes, PARTY ON!

I'm Billy the Kid and I like what I see! Y'all have automatic weapons! Sheeks, all I ever had to kill people was a lousy six shooter!

I'm Sigmund Freud and California today is a shrink's paradise! Never have I seen so many spaced out neurotics in one place! I love it!

Six score and 4 years ago, we fought a civil war to preserve this great country and today we're selling it to the Japanese. What do I think of this? Well, dudes, it sucks!

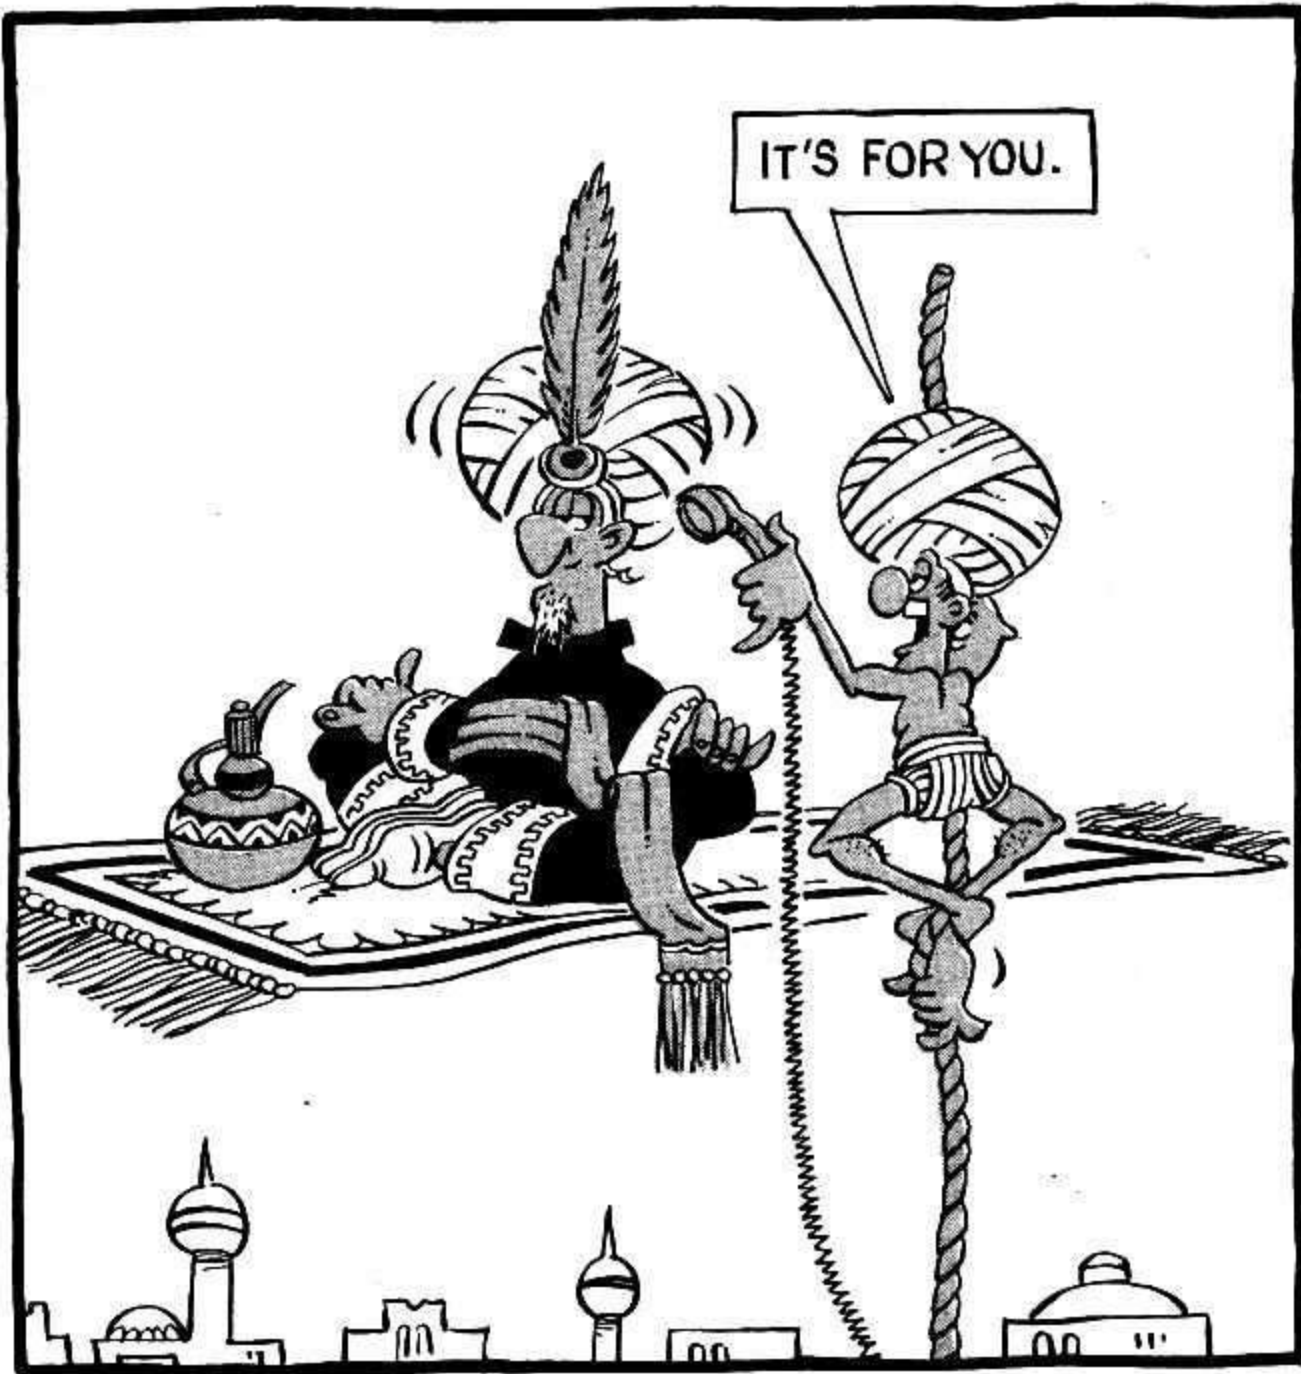

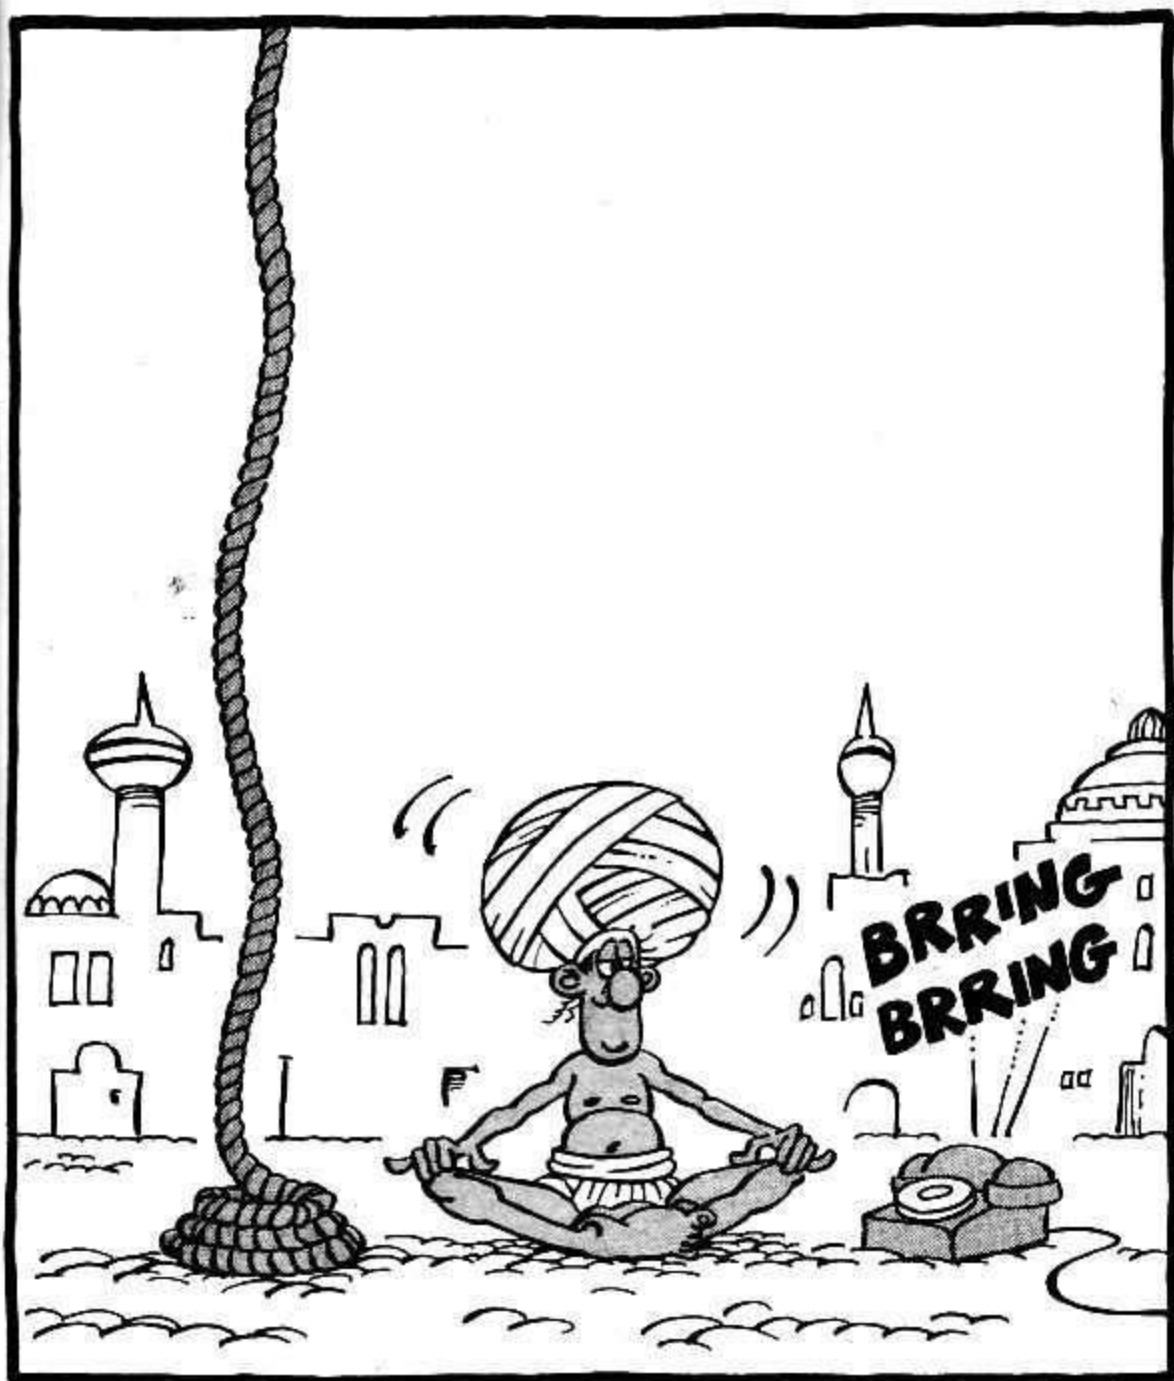

Okay, guys! Put your hands together and let's hear if for the historical dudes!

Mon Dieu! What excellent weapons you have today! Eef I had nukes I would've won at Waterloo!

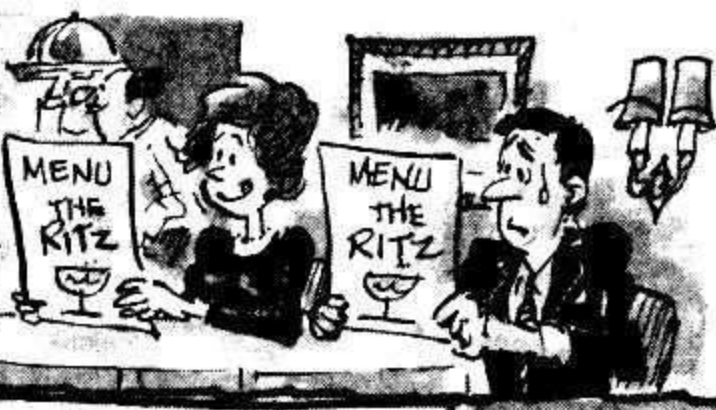

Tad and Bull got a grade of **most excellent plus** (A+ to you non-Californians)! I brought the two princesses from medieval England to join the Wild Scallions! They all lived most happily ever after... at least until the sequel!

# SHUTTEUPS

I got two hours before the sun goes down to get out of town... So there!

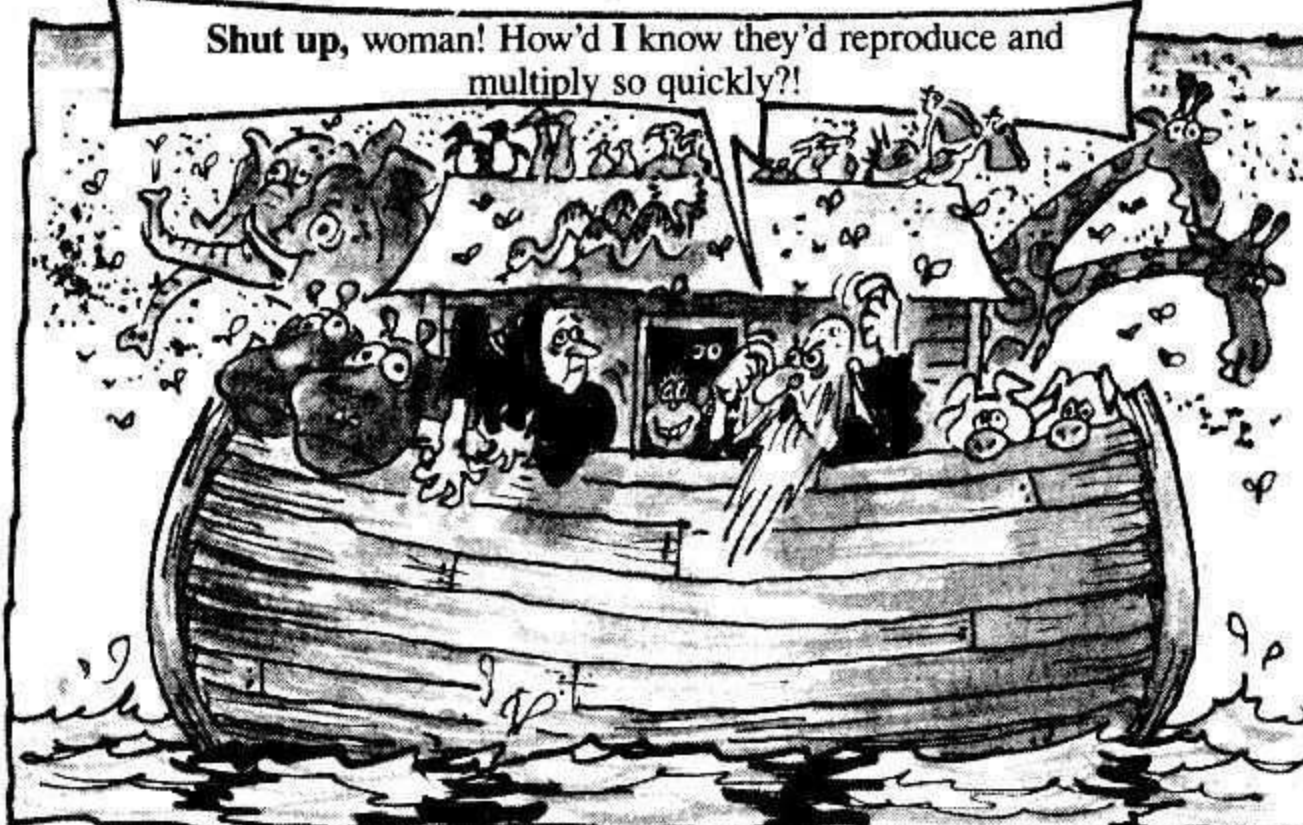

Shut up, kid! You watch hasn't worked in years and it was sundown two hours ago!

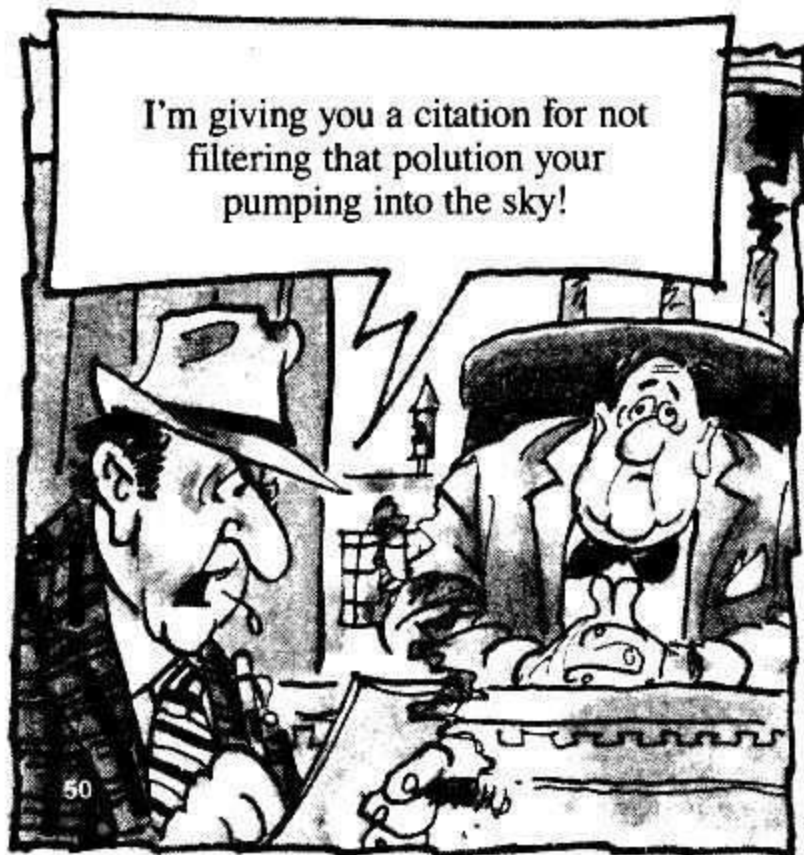

Did you have to bring along two mosquitoes, two roaches, two bedbugs, two fleas, two...

Shut up, woman! How'd I know they'd reproduce and multiply so quickly?!

I'm giving you a citation for not filtering that pollution your pumping into the sky!

Shut up! How much more of a filter can we put on?!
